24 Dec 63 From: J. Whitten to C/C

Attached for your info, comment, and correction is the original, unexpurgated version of the report on BPFloor covering Osdal's stay in Mexico and including summaries of the telephone intercepts. This may be useful to your analysts who are processing the rest of the material and to the people preparing the final report. In writing this <sup>(as)</sup> ~~as~~ (up), I have made certain comment and indulged in a certain amount of analysis, because the naked facts seemed to call for it. These thoughts are my own. Feel free to make your own analysis.

This report was written for internal use only and was not meant to be used outside the Agency.

"As chance would have it, none  
of our several ipotos observation  
points in My. Cg had ever taken  
an identifiable picture of Lee  
Oswald"

My Cg often produced info like  
this on US citizens contacting Soviet  
Bloc embassies in My. Cg.

Frequently evidence is increasingly  
dropping info on Americans is not  
treated routinely; in each case  
the DPP & ADDP personally  
scrutinize the info, make sure  
its credible & decide whether  
& to whom it will be passed.

Only in absolute emergencies  
will My. Cg be authorized  
to pass such info directly to  
FBI office in US Emb.
